

Naturally Wood Ltd Environmental Policy Statement

Naturally Wood Ltd is an environmentally responsible organisation and as such we acknowledge the potential impact that our operations may have on the environment.

This policy, developed with the assistance of RBS Mentor, has been endorsed by the Directors who fully support its implementation. The Managing Director is responsible for ensuring that it is communicated, understood, implemented and maintained at all levels within the organisation.

We are committed to the prevention of pollution and continual improvement of our environmental performance. This has been facilitated through the setting of environmental objectives based on our significant environmental aspects. These objectives will be documented, allocated targets and programmes and be periodically monitored and reviewed. The results of which are communicated throughout the organisation and to our clients, suppliers and contractors as appropriate.

As an organisation, we are committed to ensuring that we:

- Comply with all environmental legislation, using codes of practice and guidance produced by regulatory bodies to assist where appropriate.
- Provide all employees with the necessary resources, equipment, information, instruction and training to fulfil the requirements of this policy, commensurate with their role.
- Work towards implementing an informal environmental management system based on legal requirements and in accordance with other health, safety and quality procedures.
- Prevent pollution to the environment and strive to integrate environmental best practice into our business operations.
- Minimise waste to landfill by reducing waste generation and by segregating and recycling waste where economically and operationally feasible.
- Use energy, water, materials and other natural resources as efficiently as possible, giving particular regard to the long term sustainability of consumable items.
- Maximise fuel efficiency by organising deliveries and other travel efficiently.
- Operate and maintain our company vehicles with due regard to environmental issues, where practical.
- Make use of public transport wherever practicable.
- Consider the environment in the procurement of goods and services. We hold membership to the Forest Stewardship Council (FSC) and the Programme for the Endorsement of Forest Certification schemes (PEFC). Full FSC / PEFC certification, with complete Chain of Custody traceability is available on many of our timber products.
- Consider the environment in the goods and services we provide to customers.
- Operate stringent dust and chemical waste controls, to reduce any impact from our operations on the environment and local community.

This policy will be communicated to all employees and organisations working for or on our behalf. Employees and other organisations are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as is reasonably practicable, is carried out without risk to themselves, others, or the environment.

This policy will be periodically reviewed by the Directors and where deemed necessary will be amended and re-issued.

This policy statement is displayed on-site. It is publicly available upon reasonable request by any interested party.

Signed:

Director on behalf of Naturally Wood Ltd
